

Det første dyr, vi skal hjælpe med at gøre rent, er chimpansen Charlie.

Først fejer Charlie støv af lampen i stuen. Så fejer han spindelvæv ned fra loftet, og til sidst skal nullermændene fejes op fra gulvet (du skal huske at komme helt op at røre loftet og helt ned at røre gulvet).

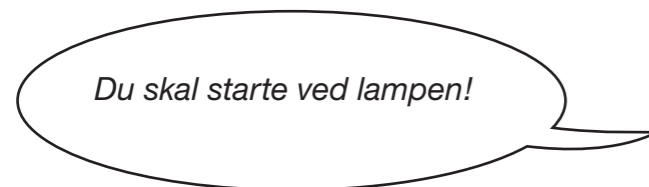

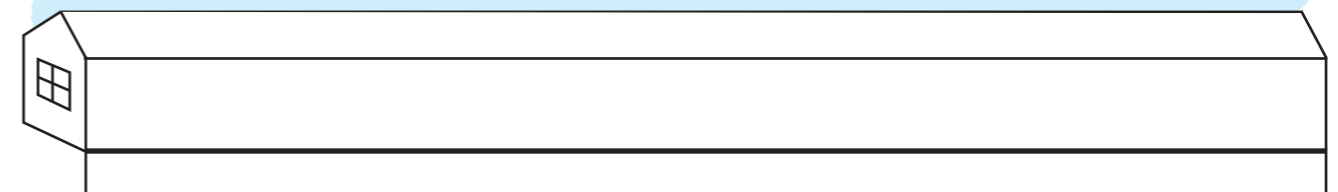

Lav gerne en lille remse, som du bruger, imens du skriver, f.eks. *lampe – spindelvæv – nullermænd...*

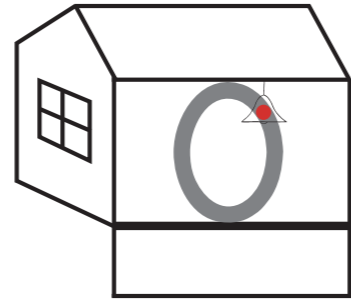

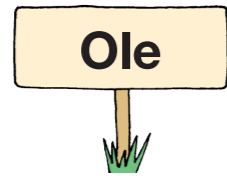

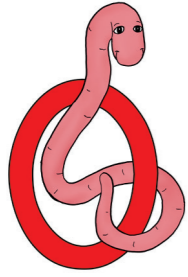

På de næste sider finder du dyr, der gør rent på samme måde som Charlie. De starter også ved lampen, men de har blot lidt flere detaljer, de skal have med, f.eks. skal dinoen Dario gøre rent på 1. sal, og giraffen Gunnar, der har en kat, skal huske at sætte en katteskål på gulvet i kælderen. Det er kun lampen, der er tegnet i disse huse. Resten skal du selv tænke dig til.

Tal med din lærer om, hvad dyrene skal gøre.
